Here are a few notes for using the QuartSLab online payment system. After you have clicked the 'Buy-Now' button you will be presented with a screen to make a Sterling payment similar to the one above. If you have a PayPal account you will be asked to log-in using the right-hand box, your email and password is required. If you don't have a PayPal account you will have to complete the fields on the left hand side of the page.

Before we discuss the first part of the transaction pages there is a box towards the end of the process where you will be asked to include your Quotation reference, an Invoice number or if you know the crystals you require and their price, it is possible to use the box to order custom made crystals.

Back to the screen above. Please fill in the price you have been quoted, invoiced or calculated. This should be placed in the box above the right hand PayPal log-in box. As this is a Sterling transaction your country of residence is likely to be the UK. Please ensure the country box reflects your country of residence. Then complete your name and card type.
